APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

MAR 18 1966

Date of filing in State Engineer's Office

Returned to applicant for correction

Corrected application filed

MAR 18 1966

Map filed

The applicant Boyd N. Rucker

of P.O. Box 89, JEAN, County of Clark

State of Nevada, hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.)

1. The source of the proposed appropriation is Underground

Name of stream, lake or other source.

2. The amount of water applied for is 0.011 second-feet

One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet acre-feet

3. The water to be used for Stockwatering and domestic

Irrigation, power, mining, manufacturing, domestic, or other use.

4. If use is for:

(a) Irrigation (state number of acres to be irrigated)

(b) Stockwater (state number and kinds of animals to be watered) 500 head of beef cattle.

(c) Other use (describe fully under "No. 11. Remarks")

(d) Power:

(1) Horsepower developed

(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point: in the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of

Section 26, T. 26 S., R. 59E., M. E. B. & M. from which the

Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,

Southwest corner of said Section 26 bears South 77 degrees-

36 it should be stated. West a distance of 3,015.7 feet.

6. Place of use SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, T. 26 S., R. 59 W. M. D. B. & M.

Describe by legal subdivision, if on unsurveyed land it should be so stated.

7. Use will begin about January 1, and end about December 31, of each year.

Month

Month

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Will install 5 to 10 H.P. pump

whichever is required: driven by corresponding gasoline motor:

a 2,400 gallon capacity storage tank & two troughs totaling 700 gallons total capacity along with valves, piping, etc. as needed.

Also will construct living quarters, corrals and loading chutes.

9. Estimated cost of works Water works- \$2,500.00 (Overall total-\$5,000.00)
10. Estimated time required to construct works 90 days
11. Remarks Plan to pump water from existing well which has 8" Diam.
casing; measured depth of well, 170 feet with 123 feet to water
Seems to be the only known suitable water in adequate quantity in
the area. Prior to the discovery and testing of the well it has
been necessary to haul water 9 miles or thereabouts from Jean.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the waters of this source. It is further understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to any other ground water development in the area. The well shall be equipped with a 2-inch opening and an air line for measuring depth to water. If well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.011 cubic feet per second, of sufficient water to water 500 head of cattle.

Actual construction work shall begin on or before November 9, 1967

Proof of commencement of work shall be filed before December 9, 1967

Work must be prosecuted with reasonable diligence and be completed on or before November 9, 1968

Proof of completion of work shall be filed before December 9, 1968

Application of water to beneficial use shall be made on or before November 9, 1969

Proof of the application of water to beneficial use shall be filed on or before December 9, 1969

Map in support of proof of beneficial use shall be filed on or before _____
